

## LOMASI DELUXE PEDICURE PROCEDURE

1. Get client to remove footwear, Spray clients feet with Lomasi Sanitizing Spray. Spray until desired area is lightly covered with the gel. Rub into skin thoroughly for both cleansing and moisturising effects. When done, use a warm towel to remove any remaining gel.
2. If the client is having Gel toes remove old gel first with your YN99 E-file and X-Cut Bit.
3. After you have removed old gel toes. Apply your new gel colour. Refer to Mani Q instructions for more details on this.
4. If you are soaking feet, soak in Pedi Spa for a least 5 mins (you can use a little of your Lomasi scrub to give it a great fragrance). Dry Feet.
5. If you are doing a dry Pedi skip Step 4.
6. Next step is to Rasp or Blade the Heels. (refer to state regulations for this). Then with your YN 99 E-File and Sanding Band (medium or Course) file the heels and feet.
7. Apply Lomasi Scrubs onto the feet and scrub in circular motions. There is no need to remove Lomasi scrub. Apply Lomasi Crème over the Lomasi Scrub this will dissolve the scrub and moisturise the feet. Perform a massage to clients feet.
8. Apply medium coat of Lomasi Green Sea foot Masque to feet and lower leg covering skin fully. Massage to engage the masque's cooling properties. Wrap each leag in plastic wrap and leave on for up to 20 minutes for the most detoxifying benefits. Remove masque with water and pat legs and feet dry with soft towel.
9. Apply Rose oil to Cuticles.
